

SHAREIT QUARTERLY UPDATE

Q2 | July - September 2024-2025

As we bid adieu to summer and welcome the whirlwind of autumn, we're abuzz with anticipation for what's coming next! Our much-anticipated [. Be Š](#) is just around the corner, and this year, we're not just reminiscing about three decades of internet culture; we're diving into how it has shaped Western Canada's digital future. From nostalgic tales of dial-up, to today's streaming marathons, we'll explore how our online interactions have evolved and, of course, share a meme or two along the way!

Since the latter half of the summer, ShareIT has been busy engaging with members from the K-12 and

It's not news that schools are under constant threat of cyber attacks. But many IT departments don't have the time, resources or round-the-clock staff to protect all the sensitive data on their complex distributed networks – particularly with operating budgets under pressure.

ISA Cybersecurity

has the answer: our Managed Endpoint Detection and Response (MEDR) service powered by SentinelOne Singularity for Endpoint. Our fully managed, cloud-based solution gives you automatic threat detection, malware containment, and data breach protection using next-gen AI that provides superior protection without slowing down your systems. The service is backed by our Canadian team of highly-trained

Training & Development Opportunities

For more information on upcoming training and development visit the [ShareIT Training & Development Page](#). For all upcoming events visit [ShareIT Events](#).

SANS Cybersecurity Training

We are thrilled to announce the successful completion of the ShareIT and SANS Cyber Security Training voucher program! Through this initiative, 11 of our member participants have completed a total of 10 courses, leading to significant professional development and skill enhancement within our community.

This collaborative effort has resulted in over \$70,000 in savings for the ShareIT membership, showcasing the power of collective investment in education and training.
